

REconnecting people, possibilities, and the planet since 1999.

ANNUAL SPONSORSHIP OPPORTUNITIES

RESOURCE DEPOT
turning waste into wonder

At Resource Depot, we inspire creativity, conservation and community engagement through REuse.

CREATIVITY

For over two decades, Resource Depot has been addressing Palm Beach County's mounting waste issue, transforming unwanted and surplus materials into sources of wonder. We gather donations from both businesses and individuals and redistribute these items to teachers, artists, families, and non-profit organizations, promoting hands-on learning, creativity, and innovation.

CONSERVATION

In addition to bolstering arts and education programs by stretching limited budgets, Resource Depot annually diverts hundreds of thousands of pounds of reusable materials from landfills. These materials include a variety of items like books, frames and signs, paper in different sizes and colors, wallpaper samples, trophies, fabric remnants, office supplies, and craft materials such as buttons, ribbon, yarn, and beads.

COMMUNITY

Every day, Resource Depot encourages individuals to embrace the fun of working with diverse materials, inspiring both children and adults to express themselves through creativity. Our organization serves as an invaluable source of inspiration and resources for the next generation in Palm Beach County, fostering a deeper appreciation for the planet through the principles of reuse and repurposing.

We are proudly recognized for excellence in sustainability, arts education, and innovative approaches that inspire creative change.

We rescue an average of 16,700 pounds of reusable arts, crafts and educational materials from the waste stream each month. That's 8.3 tons or about 17 manatees-worth!

Resource Depot values diversity, equity and inclusion for our children and adult constituents, artists, staff and board. Our practice is to make all programs services and engagement opportunities open to everyone without exception.
